DAVINCI BUSINESS SCHOOL

The DaVinci Institute for Technology Management (PTY) Ltd (DaVinci Business School) offers online distance education with a unique focus on the Management of Technology, Management of Innovation, Management of People, and Systems Thinking in all its offerings. At DaVinci Business School you will have a bespoke learning experience and can study anywhere and at any time.

DaVinci graduates are agile, aligned and engaged managerial leaders equipped to co-create sustainable societies.

DaVinci Business School prepares managerial leaders for the 5th Industrial Revolution and ensures a business enhancement in any work context, by probing real business-based problems through business-driven action learning. DaVinci Business School uses TIPS® in all its qualifications. This is a trade marked business enhancement framework for managerial leadership, focused on a systemic approach to the Management of Technology, Innovation, and People. The TIPS Managerial Leadership Framework has been applied by hundreds of successful emerging, small, medium, and large enterprises, through their participation in the tt100 business innovation awards, which DaVinci has been involved with for many years.

IMAGINE WHAT IT CAN DO FOR YOUR BUSINESS AND YOUR CAREER

DaVinci Business School was founded on the principles of Mode 2 knowledge production. While this approach has evolved beyond its original conception, DaVinci Business School continues to embrace the spirit of Mode 2, which ushered in the 4th industrial revolution, and by establishing an innovation value chain with an ever-growing number of stakeholders. This ensures a focus on the creation of knowledge that is transdisciplinary in nature, socially relevant, and actively promotes diversity and heterogeneity. The intention of Mode 2 is to apply situated learning, problem-probing, and decision-making to solve work-based challenges and contribute to the professional development of students and the teams that they lead.

Overview of

THE POSTGRADUATE DIPLOMA IN BUSINESS LEADERSHIP

The Postgraduate Diploma in Business Leadership will deepen your knowledge in the Business Leadership field. The qualification is aimed at professionals who wish to undertake reflection and development by means of a systematic survey of contemporary thinking, as well as engage in the practices and research methods in the Business Leadership field.

The qualification aims to involve students in the constructs, theories, tools, and concepts of the Business Leadership field. This qualification requires students to relate their Business Leadership knowledge to a range of contexts in order to undertake professional and highly-skilled work.

To this end, the student will be required to undertake business research to deepen their understanding and application of Business Leadership knowledge, skills, and capabilities. Students who attain this qualification should contribute to the personal, social and economic development of the country and should advance the sustainability of business ventures. The qualification also offers access into related Master's degrees.

"I am a current DaVinci Postgraduate Diploma student and am proud and inspired by this experience. For this academic process with DaVinci has taught me a lot, so far, especially about how to systemically and strategically transform and transition into different leadership-styles. In addition, and most importantly, I am learning about being a managerial leader. One of the greatest takeaways from this experience will, hopefully, be recognition of the need for leaders to lift others in the process as they rise. Upon completing my academic journey, this will see me become such a leader in business, and in broader society."
